REGULAR AGENDA

Approval of November 1, 2023 Executive Committee Meeting Minutes

Motion: Ken Lutton to approve the November 1, 2023, Executive Committee Meeting Minutes, as presented to the Executive Committee. Second: Riley Bennett Discussion: None Motion: Carried

Approval of EDA/EDC Financials-Tami

Approval of October Financials

The EDA statement of operations is at \$1.12 million year to date operating revenue. This is ahead of budget by \$137,000. Contributing factors are salary and benefits due to vacancy savings. Marketing and professional fees are also under budget. Marketing expenses are more heavily represented on the EDC side, this should shift to EDA to utilize the budget. Revenue pieces are under budget due to expense reimbursement-based funding. On the balance sheet checking and savings is the same data but Tami combined opportunity fund accounts into one line item. All CD's are in current. Operating cash consisting of the main operating, FIB, and business accounts are at \$848,000. The remainder is set aside for opportunity fund and the repair and replacement fund. Invoices from Apex subcenters are currently behind. The EDC statement of operations net operating expense position is \$50,000. The EDC is under budget by approximately \$42,000. Revenue is down due to 504 loan origination. Brandon will speak to the pipeline and expectations. We believe budget is a bit off due to changes in interest rates and other factors. 504 loan origination is anticipated to come in under budget, but float income is up by approximately \$30,000 over budget. Float income revenue is received in November and May and will be reflected on the November Statement of Operations. RLF loan interested is under budget, but with new loans coming in this should increase. With EDC, we are monitoring spending. The Senior Leadership team meets to review quarterly expenses

and each program manager will receive year to date budget to actual for each program and program managers will receive this report monthly. 504 Loan origination revenue is anticipated at 100,000 for the year and \$198,000 was budgeted. There are other areas where we have absorbed some of the gap in revenue. Currently, we are two months behind on due to/due from EDA to EDC. EDC balance sheet operating cash is \$57,000 which represents a better cash position than this time last year. Accounts receivable represents pledges receivable at \$25,00 0which was just collected subsequent to October financial statements. \$105,950 balance due to quarter two Member Investor invoices. We have collected on that balance through today's date and are currently at \$60,000 account receivable for Member Investor invoices. Accounts payable \$101,000 due to timing of invoices.

Motion: Riley Bennett to approve the October financials as presented to the Executive Committee and forward to the Board for approval. Second: Jen Kobza Discussion: None Motion: Carried

FY '23 Audit-Update-Request to Delay Filing

Tami provided an update on the annual financial statement audit. Fieldwork was conducted in the first week of November and the onsite work went well. The auditors have been working remotely since fieldwork and are primarily done with the audit. Overall, the audit is going very well. Tami asked the Executive to confirm approval of filing delayed and the audit results to be shared with the Executive Committee and Board in January.

Motion: Jen Kobza to approve the request to delay filing and forward to the Board for approval. Second: Debbie Desjarlais Discussion: None Motion: Carried

Executive Director Report-Steve

Re-Org/Staffing Update

Interview processes are ongoing for the VBOC Project Manager, Rock31 Community Coordinator, and Rock31 Director of Entrepreneurship.

Parks, Trails, Recreation-Comprehensive Plan-Next Steps

Steve shared that we have had an opportunity to regroup and meet with teams involved in promotion of the Parks, Trails, and Rec Bond. This groups discussed we learned and where we might be headed. Internally, BSED feels that there is a path forward to see initial investment in our community, but we may have to look at it on incremental basis. There are a handful of park development project on the list that we would like to encourage the City to move forward with as part of the Capital Improvement Plan. BSED is trying to seize opportunities where there are matching funds or an imperative to plug into the Capital Improvemnet Plan. BSED's thought is this is a smart approach as it is important to show the community early wins and be strategic in identifying and making progress. BSED has also spent time talking to the YMCA regarding their redevelopment planning. This represent an opportunity for us to into a supportive role in YMCA project. Ashley shared an update on the work of the Community Development team regarding the Bond. The general conscious in recent discussion is to determine to offer ice, pools, and parks trails to the community. The Community Development team consensus is to remain dedicated to this effort. Ashley explored how to move forward including priorities such as Stagecoach and South pool and BSED's contribution and timelines. The value proposition behind this effort is still present and BSED needs to take this incrementally and determine the best use of funds while remaining aware of factors impacting the results of the vote such as property tax and future bonds. Again, now it is important to show community wins. The Executive Committee shared that we need to highlight how Parks, Trails, and Rec help public safety and make this a primary focus of efforts moving forward and also open the conversation to focus on the greater context of the impact in Yellowstone County, not only Billings.

December 19th-Joint Strategy Partners Board Meeting

The Chamber, DBP, BSED, City Council, and County Commissioners will come together to discussed shared goals and reflect on the last two years at the Joint Strategy Partners Board meeting scheduled on December 19th. Steve shared that in order to make progress on goals as community, we need to get on the same page. Steve encouraged the Executive Committee to participate in these discussions.

Board Attendance Report- "Engagement"

Steve asked the Board members to define the expectation for Board attendance. The Board asked that we think holistically about engagement only considering attendance at Board meetings but also evaluating service on committees and work within the community and other BSED obligations. The Executive Committee recommended deferring to BSED's bylaws regarding attendance.

Program Action Items/Reports

BSF-Brandon

504 & EDA RLF Lending Year-to-Date Status

Brandon shared an update on the 504 and EDA RFL Lending Year to Date Status. Three 504 loans have closed and funded year to date. There are several loans approved in addition to the three closed loans. Two loans in the queue were approved by the SBA but both borrowers pulled out. There are two remaining 504 loans that were approved and should close and fund in this fiscal year which are of significant size. Brandon reviewed prospect which represent loans that that have submitted applications or are undergoing preliminary underwriting. Brandon anticipates \$106,000-\$116,000 in projected revenue with a shortfall of \$84,000 in origination fees. The float income will offset this deficit to some extent. Brandon shared that Big Sky Finance is completing outreach and the

rates are competitive, but interest rates are high now for all lenders. When talking to lenders a lot of lenders ask about prepayment penalty. Borrowers may be reluctant to lock into a rate when they anticipate rates may go down. Big Sky Finance loans do have a prepayment penalty, but very few loans do prepay. Brandon also shared there is competition and other 504 lenders than there has been in past years. The Big Sky Finance team will continue heavy outreach efforts.

SSBCI Loan Approval

Heart Rock, LLC (ACES)

Purpose of this request is for the purpose of a commercial warehouse/shop space. Financing structure is being proposed to utilize the MT SSBC loan participation program. Big Sky EDC will participate with Little Horm State Bank (primary lender) on a 50/50 basis. Big Sky EDC is requesting the use of funds, up to 50% of the total project financing, from the MT SSBCI program through the state of Montana. The total purchase price is \$487,000 for the commercial real estate unit. Little Horn State Bank will provide \$243,000 on a 20-year note at 8.02% (50% of total financing). Big Sky EDC, utilizing the MT SSBCI funds, will provide \$243,000 for 20 years at 3.5%. This will be in the form of a bifurcated note and both LHSB and BSEDC (MT SSBCI) will be in a shared first lien position.

Motion: Riley Bennett to approve the SSBCI loan request for Heart Rock, LLC (ACES) in the amount of \$243,500 and forward to the Board for approval. Second: Ken Lutton Discussion: None Motion: Carried

SBDC Program Update

Lorene and Kayla shared an update on the Small Business Development Center. Lorene reviewed the goals and shared the SBDC has exceeded these goals for the year. Kayla reviewed the training schedule for 2024. Specifically, Kayla highlighted partnership with the 504 program on lender lunches in each county to speak on the 504 loan program and resources within the SBDC. The SBDC reached out to the community and clients regarding training that would be helpful to include in the new year and have included these in the schedule.

December Board Meeting-Holiday Breakfast/Board Member Recognition-RSVP

Steve reminded the Executive Committee that the BSED December Board meeting on December 14th will include a holiday breakfast and Board member recognition.

Business Leaders-Building a Safe, Thriving Community"

Steve would like to work with the City and Chamber to educate the business community about what we are currently doing and what is proposed in the future. BSED will continue conversations with City Council and understand how we can get plugged in. Our part is to engage, involve, and inform the business community. Dr. Wilmouth is hosting an event tomorrow at Rocky with youth providers to get feedback on their needs and will turn to business community on how they can get involved.
