Call to Order:

Kim Jakub, EDC Chair, called the meeting to order at 7:01 A.M.

Public Comment/Introductions:

Kim shared information on the parks, trails, and recreation bond. Today is the last day to mail ballots. After today ballots can be completed in person at the election office. From feedback that has been received there is enough support for the bond to pass, but the campaign is finding that people are simply not voting.

Marcell shared an update regarding the MEDA fall conference last week that was attended by BSED team members. BSED received two MEDA impact awards: APEX Gov Match Event and The Vault podcast. Steve received the Anthony J. Preite Champion of Economic Development Award.

Agenda Changes for Today's Meeting:

Steve will add an update regarding EDA Board Openings to Section C.

REGULAR AGENDA

Approval of October 4, 2023, Executive Committee Meeting Minutes

Approval of EDA/EDC Financials-Tami

Approval of September Financials

EDA statement of operations net operating revenue is an expense position of \$216,000. This position is better than the budget by approximately \$70,000. This is primarily due to the timing of receiving the mill levy. Variances compared to budget are revenue in the VBOC, Apex Accelerator, and SBDC programs; however, the expense side is less than budget as well. Salaries and benefits are less than the budget as Tami has allocated this amount across the year and there are still vacant positions in the organization. The accounting for professional fees is greater than budget since we were billed in September rather than October. Tami has broken out the professional fees category for clarity. Tami designated Brownfields as its own line items rather than combining in professional fees. EDA balance sheet operating cash is approximately \$250,000. One CD has rolled over into the main operating account and this will need to be adjusted. Tami will spend time evaluating CD's approaching maturity to reinvest at a better

interest rate. The A/R for Brownfields represents the full amount owed and Tami will request these funds which include a portion of FY '23 and the first quarter of FY '24. Total Due to/Due from EDC to EDA is approximately \$130,000.

EDC Statement of Operations net operating revenue is expense position of approximately \$70,000. This is approximately \$7,5000 less than the budget. Contributing factors are revenue which is down approximately \$30,000 compared to budget. Primarily this is due to timing of funding for 504 loan origination. In early spring we will have several 504 loans funding. One loan was funded in September, and we will receive origination fees in October. Andy and Brandon shared insights into lending trends. Steve asked Brandon to present to the Executive Committee next month to walk through the pipeline of 504 loans. On the EDC balance sheet operating cash is 123,000. EDC accounts payable include two months of outstanding due to EDA from EDC.

Motion: Ken Lutton to approve the September financials as presented to the Executive Committee and

forward to the Board for approval.

FY '23 Audit-Update

Tami provided an update on the FY '23 Audit. The audit is currently underway. The VBOC program was last audited in 2019 and has been selected for the single audit. Next week the remainder of the fieldwork will be conducted.

Executive Director Report-Steve

Re-Org/Staffing Update

We are close to filling the Community Coordinator position for Rock31 and the WorkForce Manager position. Final interviews have been conducted and we are looking to extend offer letters to the top candidates for these roles. The search process for the Director of Entrepreneurship is still underway. Progress has stalled a bit. Steve has spoken to several strong applicants who did not apply due to salary expectations. The Committee shared their thoughts regarding an approach to attract and gain the right candidate for the Director of Entrepreneurship role. Steve will meet with the Senior Directors to brainstorm how to approach this vacant position. Kayla has been filling in as acting director for Rock31. The VBOC project manager search is also underway. All four Senior Directors are in place and a Senior Director training was held last Friday.

Strategic Priority-Downtown Redevelopment/Housing-Update

There have been ongoing conversations regarding the Gazette Building. Steve asked the Executive Committee to pull together the Opportunity Committee to determine how BSED can incentivize downtown redevelopment. The Committee will be convened in the coming weeks. Steve was energized based on a news report this week on Q2. A four-way stop was installed on King Avenue. Steve noted that a majority of development is being pushed west. Additional infrastructure costs are not banked due to these factors and we often retrofit infrastructure due to growth in housing on the west end of Billings. Steve' posed the question: how can we avoid additional costs if we look at infill development in BIRD and the downtown core? Ashley shared that she's been meeting with commercial brokers and presenting data based on the Downtown Medical Corridor. Ashley shared that these conversations have been productive. The Committee asked for education from BSED on the advantages/disadvantages of adding a tourism tax in our community and recommendations. The Ad Hoc Legislative Committee will meet in 2024 to brainstorm for 2025.

Salary Admin/Succession Plan Committee-Update

The Salary Admin/Succession Plan Committee met and set some initial groundwork. Steve circulated a handout with an updated Executive Director job description. Steve highlighted the first paragraph that describes the scope of work. Steve asked the Executive Committee to review and provide feedback. The Committee is also working on characteristics of the future Executive Committee. Part of the work Steve is doing is getting information and ideas from search firms to pull into the Succession Plan. Steve had two conversations with search firms, one of which was outside of our budget. What Steve learned from conversations with these firms is that search firms will spend

time with the search committee, executive committee, team members, Board, and key stakeholders and the firms will do a lot of the work we have already laid the groundwork for such as an updated job description, core competencies and characteristics, and compensation study. The search firms encouraged Steve to inform the Board that when a search process is conducted for the ideal candidate it is important to realize that the pool for Economic Development professionals is small and to consider experience that fits the role and not solely defined by industry. The Salary Admin/Succession Plan Update Committee will reconvene in December.

Nominating Committee

The EDA Board of Directors will have two open seats at the end of the year and the applications process is now open. A link to the application can be found on the BSED website as well as the Yellowstone County Commissioners' website. The Nominating Committee will meet at the end of the month to interview applicants and provide recommendations to the Executive Committee, Board, and Yellowstone County Commissioners.

Program Action Items/Reports

Recruitment/CD-Ashley

Air Service Update

Ashley shared updates related to air service and recruitment. We were the only successful community to receive the \$1 million SCASD grant. Ashley shared updates from the Air Service Rendezvous. As a result of those meetings, Billings was selected as the host of the 2024 Air Service Rendezvous. The rendezvous was a two-day conference and there is an interest in Montana. Sun Country is planning to provide air service starting in June of 2024 with two routes per week from Minneapolis to Billings. The Chamber will work to attract visits to Billings from St. Paul and Minneapolis. This month Ashley will travel to Dallas to meet with Southwest. A few markets to consider include California air service. Ashley asked for letters of support on behalf of companies regarding travel to California to gather data about travel to and from LA or San Fransisco. On November 8th, the Elevating Air Service in Billings event will be held, and Ashley encouraged the Executive Committee to attend. Ashley also shared that the SCASD local match is approximately \$90,000 away from goal which will be part of the conversation at air service event.

Active Recruitment Projects

Regarding recruitment, in the last month and a half Ashley has been meeting individuals and businesses locally and spending time across the state. There are several ongoing projects where she has worked with companies to facilitate conversations, networking, and connections. Marcell and Ashley also met with Senator Tester's team regarding development.

Billings Works-Summer Job Program MOU-Marcell

Marcell shared a Memorandum of Understanding between American Jobs for America's Youth Montana and Big Sky Economic Development. This would be BSED's third year participating in this program and the program will be a primary focus for the Workforce Development Manager. This year we would like to focus on encouraging development of internships.

Motion: Ken Lutton to approve the Billings Works-Summer Job Program MOU and forward to the Board

for approval.

Annual Meeting Feedback-Marcell

Marcell asked for any feedback on the Annual Meeting. The Executive Committee shared their comments and thoughts. Overall, the Executive Committee was extremely impressed with the Annual Meeting and found the organization, professionalism, and content to be exceptional.

BSED Facilities-Light Bike Trail MOU-Sarah

Sarah shared a Memorandum of Understanding between the Downtown Billings Alliance and Big Sky Economic Development to install a LightBike in the alleyway located behind the BSED building.

Motion: Jen Kobza to approve the LightBike Trail MOU and forward to the Board for approval.
