

Small Business Development Center

ABOUT US

The Small Business Development Center (SBDC) network provides essential tools, guidance, and support for entrepreneurs and small business owners who want to start or grow their businesses. With ten regional centers across the state, the SBDC offers free one-on-one counseling and affordable training on topics like financial analysis, business planning, strategic planning, loan preparation, financial projections, and market research. The goal is to empower small businesses with the knowledge and resources they need to achieve growth, drive innovation, and find long-term success.

Here are some of the great resources we provide:

WORDS FROM KAYLA AND LORENE

WHY SHOP LOCAL

In today's fast-paced world, where online shopping and big-box retailers dominate, it's easy to overlook the significance of shopping locally. However, making the choice to support local businesses carries profound benefits for both the individual shopper and the community at large. Here's why shopping local is more important than ever:

BOOSTING THE LOCAL ECONOMY

When you spend money at a local business, more of that money stays within your community. It circulates through local salaries, investments in infrastructure, and support for other businesses. This creates a ripple effect, helping to build a robust and resilient local economy.

BUILDING STRONGER COMMUNITIES

Local businesses are often owned by people who live in the same community. These business owners are more likely to reinvest in the area, sponsor local events, and contribute to causes that benefit the community. By shopping locally, you're not just buying products — you're supporting the people and places that make your community special.

CREATING LOCAL JOBS

Small, local businesses are significant job creators. By supporting them, you're helping to maintain and even grow employment levels within your community. This is particularly crucial in smaller towns where job opportunities may be more limited.

DISCOVER UNIQUE PRODUCTS

Local stores often offer unique, handcrafted, or locally-produced goods that you won't find in larger chain stores. These distinctive products add character to your shopping experience and allow you to support local artisans and producers.

Undammed Distilling Co.

116 N. 11th St. Billings, MT 59101 | 406-969-1889 Tue-Fri 4:00-8:00 Sat 2:00-8:00

The Yellowstone is the longest wild -undammed-river in the lower 48, flowing unhindered as it has for millennia. Each spring the water rises dramatically as snow melts and flows out of the mountains. It runs through Billings, Montana and is the source of our water supply.

At Undammed Distilling, we are grateful for those in the past who have protected this free flowing river. We want to continue this legacy, so a portion of every sale will go to conserving this majestic wild river. It is our goal that the quality of our spirits honor this undammed river.

We offer free in-home consultations to meet you, see your spaces, and answer your questions. We will provide a detailed estimate of hours and recommended product to complete any project.

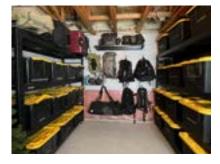

KITCHENS & PANTRIES

One of our favorite spaces to organize is the kitchen and pantry. This is the heartbeat of a home and often takes on the most daily abuse. Setting up systems allows this space to function for every family member.

CLOSETS

Once and for all your closet can get the reset it needs! We take everything out and help you make the quick decisions on what to keep and what should go. We use consistent hangers and organize every item by category and color. This creates a beautiful space that is inviting and maintainable.

STORAGE ROOMS & GARAGES

In ONE Day, we can transform a storage room or garage. One Day! These spaces are notorious for collecting all the items from your home that are forgotten and unneeded. We help you make decisions that have been delayed for years, so you can regain this valuable space of your homes!

LAUNDRY ROOMS & OR LINEN CLOSETS

We work alongside our clients to declutter items that are taking up space that may or may not ever get used! Freeing up valuable real estate in smaller closets and cabinets allows you to quickly get to what you use everyday.

COMMERCIAL/OFFICE SPACES & STAGING

We have worked in many different types of businesses! The process remains the same, regardless of the space. WE have any eye for design and can streamline any space to be welcoming and beautiful.
